About Me

I am a passionate IT professional dedicated to optimizing technical systems and processes, currently seeking a position as a Web Developer or Software Engineer. My goal is to utilize my expertise to improve operational efficiency and foster a streamlined technological environment.

Education

BS INFORMATION TECHNOLOGY

2021 - 2025

GOLDENSTATE COLLEGE OF KIAMBA INC.

PROJECTS & ACCOMPLISHMENT

OUTSTANDING IT STUDENT AWARD

The sole student in the batch to receive this award, I was recognized by the professors for demonstrating remarkable achievements.

SCHOOL INFORMATION MANAGEMENT SYSTEM

I completely developed this project independently as part of my group. This capstone provides a 60% boost in both speed and accuracy, while also ensuring the school's security.

CATERING RESERVATION SYSTEM

This project enhances sales by 30% and leads to a 25% improvement in reservations. The system is highly accessible and efficient in Maasim.

FIRE SAFETY INFORMATION SYSTEM

This system offers a temporary enhancement and provides additional support where the establishment may be lacking. It ensures improved data security and enhances printing efficiency.
